This Week's Palouse Adventure. This week's Adventure took me to the Francis' cabin on gorgeous Lake Coeur d'Alene! It was a chilly, gray day, and light showers told us Fall's coming! But, I'd never seen Lake Coeur d'Alene, and we stopped at a few spots along the way to the Francis' cabin so I could tune in to options for future exploring! Six year old canine delight, Molly, rode along! We walked a short ways out on the bridge, and I saw my first osprey ever! (Its nest too!) Donna's and Larry's cabin is lovely-- very inviting, with GREAT views! We warmed up with tea on the deck, then topped off the Adventure over dinner @ the local marina. I totally recommend the smokey chicken wrap! Great company, great food, great generosity! *Thank you, Donna, Larry & Molly!*

Labor Day Meditation:

With Labor Day in view,
we remember the contributions of labor organizers
who took on the dangerous fight
for safe working conditions
and living wages.

We pray for those whose work is truly their calling.
We pray for those whose jobs do nothing to feed their spirits.
We pray for those who work amidst ethical conflicts.
We pray for those who are unemployed and underemployed.
We pray for those who have retired, and struggle to make faithful use of
the gift of time.

Worker God, keep us aware of how our choices affect the labor of
others.

Enjoy this last of the summer holidays!
If you're traveling, come safely home to us.

Peace, Jodie
